Motor

☐ Yes ☐ No ☐ N/A

Trailer tyre wells

☐ Yes ☐ No ☐ N/A

Life Jackets

☐ Yes ☐ No ☐ N/A

A Controlled Area Notice (CAN) under s 131(2) of the Biosecurity Act 1993 is in place on the Waikato River from the Whakamaru Dam to the outflow at Port Waikato. If a wake boat has been used in or on the controlled area at any time from 11:59 pm on 24 November 2023 onwards, no person may move that craft into any freshwater environment or any brackish water that is outside of the controlled area. By signing below, you confirm that your boat has NOT been used on the Waikato river inside the area or time specified in the CAN.

This self-certification is conducted by the Northland Regional Council under the Biosecurity Act 1993. We are collecting personal information from you for the purposes of monitoring lake use and compliance with check, clean, dry protocols. The provision of this information collected is mandatory under section 43 of the Biosecurity Act 1993 and may be shared with Biosecurity New Zealand. You have the right to ask for a copy of any personal information we hold about you, and to ask for it to be corrected if you think it is wrong. If you'd like to ask for a copy of your information, or to have it corrected, please contact us at NRC on 0800 002 004. A copy of our Privacy Policy is available on request.

☐ I certify that I have checked this vessel/craft and trailer for freshwater pests and all ballast water has been emptied before entering the waterway.
